2012 Village of Weston Recycling Guide

Please place your recycling bins next to your mailbox and away from your waste container. This will help the automated waste collection truck avoid damaging your recycling containers and your mailbox. We suggest you put your waste container in your driveway, in line with the back of your mailbox, so that it is off the road, but on the opposite side that your mailbox is on. If your mailbox is on the right side of your driveway, then put your waste container on the left side of your driveway. For standard drawings for the refuse container placement, or more general recycling information, see the Village's website at <http://www.westonwisconsin.org/utilities/garbage.php>.
