WATER AND SEWER LATERAL INSPECTION CHARGES

Water	\$ 10.00 per lateral
Sewer	\$ 35.00 per lateral

** These fees will be during a regular workday schedule.

SEWER FEES

Sec. 86152. Hookup charges. A sewer hookup charge of \$500.00 for each equivalent meter shall be paid by the owner of any building for each connection to the sanitary sewer system occurring after February 1, 1988. These charges shall apply only to new buildings upon which construction was commenced after February 1, 1988, to all new or existing buildings in areas annexed to the Village after February 1, 1988.

(Ord. Of 1-18-1988(1), ' 1(1))

Equivalent Meter Table - Sewer

<u>Meter Size (Inches)</u>	<u>Equivalent Units</u>
e and :	1.0
1	2.5
13 and 12	5
2	8
3	15
4	25
6	50

Meter / Unit Charge Table – Sewer

Rate Change Effective January 18, 2004

<u>Meter Size (Inches)</u>	<u>Quarterly Sewer Base Rate</u>
e and :	\$27.00
1	\$81.00
13 and 12	\$162.00
2	\$270.00
3	\$621.00
4	\$1107.00
6	\$2484.00

Plus volume metric charge of \$2.75 per 1,000 gallons of metered water. Additional charges apply when the wastewater BOD=s exceeds 250 mg/L and/or suspended solids exceeds 250 mg/L.

Sewer Adjustment for Outside Water Usage

In no event shall charges assessed and levied for each of the single-family residential premises exceed 125% of the charges for the base billing period. The term ABase Billing Period A is defined as a full three (3) month period (billing quarter) which includes the month of January. No such base billing period shall be established for a given year unless the billing quarter containing the month of January includes three (3) full months. Payment for the full charges set forth shall be made by a user until a Abase billing period@ is established. Existing users who have not established a base billing period as of the effective date of the Ordinance, and future users who pay bills without having established a base billing period, will be given credit for each quarter in which the charges paid exceed 125% of the base billing period amount. The minimum base billing period consumption shall be 5,000 gallons for a single family. Consumption less than that shall not qualify for a seasonal adjustment. The said credit shall be computed by the Weston Sewer Utility retroactive to the effective date of this ordinance at the time each user establishes a base billing period. No credit shall be given on payments made or incurred prior to the effective date of this ordinance. In the event any user is requested by the Weston Water Utility to keep a tap open as to prevent a water line freeze up, the sewer service charge for that particular quarter shall not exceed 110% of the previous quarter or 110% of the base billing period volume charge, whichever is less. Any sewer service charges which exceed the maximum billable amounts to any such user during a freeze up shall be charged to the Weston Water Utility. Special situations and industrial or commercial users may be reviewed by the Utility on a case basis and subject to approval by the Village Board.

Other Sewer Charges

For any connection to the sanitary sewer not having a metered water service, there shall be a charge determined by the Commission of not less than \$75.00 per quarter.

For any connection to the sanitary sewer system having a metered water service and a private unmetered water service or any combination of the above that is used for purposes tributary to the sanitary sewers, there shall be a charge of not less the \$75.00 per quarter.

The rate for any vacant and/or unoccupied premise, for which water service has been turned off or unavailable for over a billing quarter, the rate shall be equal to the minimum rate for a single dwelling unit.

Where sewer is available to the property but no hook-up has been made, the quarterly charge will be 90% of the minimum charge or \$24.30 per quarter.
