

Why is Wonderfully Made the right choice for your family?

- Experienced Staff
- Quality Programming
- Inclusive Environment
- Christian Values
- Full Family Focus
- Low Staff to Child Ratios

Our Mission

The mission of Wonderfully Made Child Development Center Inc., is to provide a quality early educational program, for children away from home, while their parents or guardians are at work, in a Christian value environment.

We are designed to meet the needs of the community, offering the experience of inclusion. Typically developing children will engage in the opportunity to explore and learn alongside children who may have disabilities and or delays, while cared for and educated by, an experienced and fully qualified staff.

Providing care for children ages 1 week to 13 years
Monday – Friday
5:00am - 7:00pm
Offering full and part time
Hourly school age

- Experienced
- Educated
- Enthusiastic
- Warm and Nurturing
- Participate in on-going education

Our Curriculum

Using weekly themes, we offer a creative interaction approach to learning and individual development. We believe in exploring, not leading, process, not product and individuality, not conformity. We support each child's learning through experiential opportunities, individual and group discussion, open ended questions and conversations, not lectures. We respect that each child has a different learning style, whether it be auditory, visual, or sensory, and will make every effort to discover how your child learns, to ensure that their individual needs are met when a concept is introduced each week during our thematic curriculum.

I will praise You,
for I am
fearfully and wonderfully made
marvelous are your works.
Psalm 139:14

What is Inclusion?

Including all children in a child development center encourages us to celebrate their individual differences in a way that has far-reaching benefits for all children, families and caregivers involved. When we focus on the positive, we build a better world for our children. Working parents with infants, and children with disabilities and or delays, face a particularly daunting challenge. Helping parents of these children access the quality care they need is essential, for the parent's peace of mind, the ability to contribute to the work force and for the child's development and safety during these early critical early learning years.

What is a Full Family Focus?

At Wonderfully Made, family customer service is a priority. Parents are welcome to stop by at anytime, and will receive information through, policy and procedure handbooks, daily communication, parent-child activities, educational opportunities in child development, and guidance in parenting strategies through oral conversational support and educational literature. Choosing a child development center, where a parents most precious gift may spend as many as 40-50 hours a week is an important decision. I believe high quality child care is necessary for Marathon County's working parents, businesses and future. It is difficult for parents or guardians to successfully focus and function productively in their job duties if they are not completely comfortable, confident, and trust the caregivers of their child while they are away.

What are our Christian Values?

Our program promotes Christian principles and values. We include prayers before meals, biblical stories, and songs. We will share with your child the "What Would Jesus Do" theme, teaching the biblical expectations in peer interaction, responsibility, respect for others and all of God's creatures, sharing, serving one another and our families, caring for ourselves and others, self-discipline, forgiveness, and acceptance of differences but; most of all that we are valuable, loved and are never alone, we can always turn to God and His Son Jesus through prayer.
