

This petition is in regard to the request to build Bull Shooters Country Western Bar on Lot #1 C.S.M. # 11742. This property is adjacent to and will directly impact a beautiful, quiet, residential neighborhood. We, the undersigned, do not feel it is appropriate for a facility of this nature, which plans to hold weekend indoor concerts, in this setting.

If you proceed with this endeavor, we the undersigned will face loss of property value, continual noise, potential increase in crime in the neighborhood, and eventual degeneration of the neighborhood.

We vehemently oppose construction of Bull Shooters Country Western Bar at this site.

Alison: We realized that not all people that go to bars are bad, but in the case of bars there is always some good. If this bar is built, we are worried that...

Maddie: Are friends moving away because the music is too loud to late at night for a family neighborhood. Because our neighborhood is now quiet, a bar would create more traffic and the possibility drunk drivers and therefore unsafe streets.

Sam: My parents would make us stay in the house more often. There are enough bars within the distance of our neighborhood with Weston Lanes, Arrow Bar, and Kluck's there are, in our opinion many opportunities for adults to go out and enjoy themselves.

Alison: Weston needs to concern itself with family entertainment places and ensuring it supports its families and safe neighborhoods.
